

Maths Worksheet

Geometry Class VI

Q.1) Find the names and number of sides for the given polygons:

NAME	SIDES	POLYGON			
	3			8	
				9	
	5		DECAGON		
HEXAGON			HENDECAGON		
HEPTAGON			DODECAGON		

Q.2) Identify the polygons by writing the letter 'P' inside the shape. Then, shade all the irregular polygons with a colour of your choice.
